Vector Space Proof Demonstration

Generated by the Khwarizmi Symbolic System

Goal: Prove that $(1 + -1) \cdot u = 0$

Start: $(1 + -1)$

(1) $(1 + -1) = 0$ $[Scalar\_Arith]$

(1a) $(1 + -1) \cdot u = 0 \cdot u$ $[Scalar\_Arith]$

---

(2) $0 \cdot u = 0$ $[VS\_Zero\_Mul]$

Final Result: 0
